

Hearthstone Welcomes Basil!!

We are pleased to announce on Monday, we were blessed with a new horse named Basil!! He is from the Team CEO Eventing, a top level event facility in Lexington, KY. Congratulations to Delphine on her purchase of Basil!! Below is a few special moments from his previous journey...

- “Basil”, as he is known around the barn, is an incredible 7 year old Oldenburg/TB gelding who has participated among the CCI* and Preliminary levels. He had the privilege of training and contributing to the careers of many students.

- Basil competed through the Training Levels with a student from Massachusetts, Ashley Sager. Basil was a favorite ride of Sam, who is now a successful professional trainer in PA!

- Basil received 3rd place at Spring Bay HT and 3rd at Queeny Park HT, where he was the ONLY horse to make the time at Preliminary.

- Basil competed at the Preliminary level, with Alison Zeitlin . They finished 9th place at Gemwood HT! This year, Holly Caccamise took a jump lesson on Basil, schooling 3’10” ! Holly is an Associate Editor at Horse Illustrated, and later wrote about their experience together on her blog [click here](#).

- Basil trained several students with the help of instructor Megan. He gave students the opportunity to school up to 3’11” in some cases!
- Basil took pride in working with younger students and challenging them along the way. He had a terrific finish at the Richland Park HT 2009, where he was one of the only horses to make the time around the challenging XC course to finish well in the ribbons in an international field
